SUMMARY

To contribute to the advancement of the chemical engineering industry by utilizing my technical skills and analytical abilities to develop sustainable and innovative solutions. I am eager to join a company that values innovation and provides opportunities for professional growth.

EXPERIENCE

Operations Attache

Kenya Petroleum Refineries Limited

January 2024 - April 2024, Mombasa, Kenya

- Water and hydrocarbon analysis.
- Line parking of the pipeline.
- Conducted comprehensive safety inspections of refinery equipment, identified and resolving potential hazards.
- Coordinated daily operational tasks in the refinery and ensured optimal flow rates and pressure levels across a complex pipeline network.

Quality Control Attache

Kenya Pipeline Company

October 2023 - December 2023, Mombasa, Kenya

- Executed rigorous quality assessments for pipeline materials.
- Implemented comprehensive compliance checks for pipeline materials.
- Conducted thorough inspections and flaw detections on pipeline sections weekly, reporting potential safety hazards and ensuring adherence to industry standards.

EDUCATION

Bachelor of Technology in Chemical and Process Engineering

Technical University of Kenya, Nairobi • Nairobi, Kenya • 2024 • Second Class Honors, Upper Division

CERTIFICATIONS

Certificate in Web Development

eMobilis Technology Training Institute, Nairobi • 2025

- Certified in Web development

Certificate in Digital marketing (Graphics Design)

Switch TV Media School, Mombasa • 2024

Certificate in Basic firefighting Theory and Practical

Kenya Petroleum Refinery Limited Emergency Response Training School, Mombasa • 2024

SKILLS

Technical Skills: Web Development, Microsoft Office Suite, AUTO CAD, SOLID WORKS, SAP, HMS, Python programming. Hard Skills: Sampling, Testing, Reporting and Basic Firefighting. Soft Skills: Teamwork, Leadership
